

A17-CLOUD PLATFORMS

Alumni Association's initiative-17.

One day Seminar on “CLOUD PLATFORMS” was organized by Department of Information

Science and Engineering on 29th May 2021 Saturday. The resource person was **Mr. Sachin Biradar**, Google Cloud Data Engineer, M/s. Fossil Group, Bangalore. Mr. Sachin Birada is **Alumni of ISE Department (2015 batch)**.

The program started at 9.45 AM online mode with Google Meet : meet.google.com/feb-ruzc-fum. Dr. Nethravathi B, Event coordinator welcomed all the dignitaries. More than 85 students from Class 6 A and B of Information science& Engg., department were present. The program focused on Google cloud Platform. The main objective of the program was to make students understand the basic concept of Cloud Computing and available Cloud platforms in market.

It helped the students to understand the concept of Cloud Computing, Categories of Cloud computing. The difference between AWS, AZURE and GCP were discussed. He successfully explained Google Cloud Platform (GCP) with hands-on. He shared his cloud page and explained students how to create the space of their own in public cloud.

Mr. Sachin Biradar guided the students regarding their carrier. He shared, his carrier example, shared all the struggles he faced during the starting phases, and how efficiently he updated his knowledge and how successfully he established his carrier. He guided students to keep learning and update the knowledge which the market demands.

The program ended by Vote of Thanks by Dr. Nagamani N P, Dept. Alumni Coordinator.
