

**JSS ACADEMY OF TECHNICAL EDUCATION,
BENGALURU**
Department of Information Science and Engineering
**Report on Technical on “Future Lies in your” Hands Talk by
alumni**

A technical talk was organized by the Department of ISE on 15th May 2021 for the students of VI sem. The talk was presented by Alumni of ISE, JSSATE, Mr. Govinda S. Govinda S is a Full Stack Developer in M/S People In Touch, Netherlands. He has 8 years of experience in this field. The talk was for 1 hour sessions. The session was on Future lies in your hands. Around 83 students of the VI sem attended the session.

Objective:

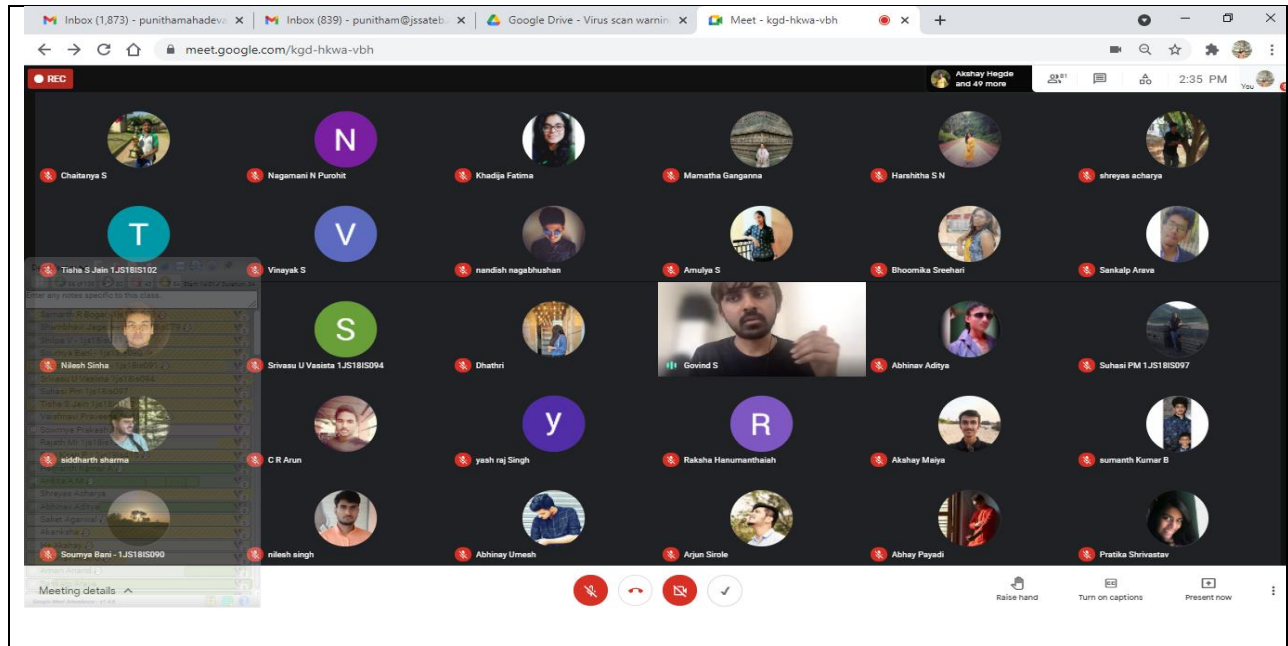

To be aware of the future after Engineering and get exposed to the opportunities in higher education and placements.

Outcomes:

1. Knowledge to the Apply for different universities, Type of company to choose (Product vs Service).
2. How to prepare for Entrance exams for different universities and how to prepare for placements.

The session, was on the importance of applying to Foreign Universities. The impact of Product companies and Service companies on individual career was explained thoroughly. The advantages and disadvantages of applying to different foreign Universities was briefed.

The next thing that was discussed in the talk was how to prepare for placements. Focus on the small open sources projects and develop the solutions and also speaker told the importance of creating an account in Linked In which helps them in the profile building. He also mentioned about working on GitHub and keeping all the code worked on for small projects. With respect to this he asked the students to choose different options like higher studies, Product based company or Services based company.
